Email: Dylan.Frewen@gmail.com

EDUCATION

BSc, Major: Computer Science
2016-2018
Victoria University,
Wellington, New Zealand

Secondary Education: NCEA L3
Timaru Boys' High School
2010-2015
Timaru, New Zealand

Git	●●●○○○○○○○

OBJECTIVES

As a recent graduate from Victoria University where I studied Computer Science I am now on the search for an opportunity to kick-start my career. For me there are two areas where I want to focus my career, firstly mobile and web development. Mobile and web development are growing rapidly as mobile technology improves and so must the software. The second area of focus is IT Security. Software reliability, security, and privacy is becoming increasingly important as more and more of our data is being collected and mishandled resulting in malicious use of that data.

KEY ATTRIBUTES

- GREAT COMMUNICATOR - When it comes to communication I have great written and verbal communication skills. I'm not afraid to ask for help on problems I'm unsure of, but also know how to communicate ideas to others.
- HARD WORKING - When the workload gets heavy and the stress builds I put my head down and get the job done, I strive to produce the best work I can while delivering inside the given time frame.
- COLLABORATIVE- Growing up playing team sports and working in hospo I know the importance of teamwork. Communication and trust are the keys to a great team.

PAST WORK EXPERIENCE

- PROFILE ASSISTANT
TRADEME | 11/2017 - 03/2018

During the summer I worked at TradeMe as part of the jobs team as profiles assistant. TradeMe is developing a new feature that lets a user create a job profile that will become a part of a database of profiles. Employers are then able to search through this database and find the right person for the role they are looking to fill. My role at TradeMe required me to use existing data and format it for a tool to parse. This was done by analysing the collected data and separating it into different categories which a tool was able to parse through and create jobs profiles from.

- GRILL COOK
AMERICANOS BREAKFAST RESTAURANT | 2017 - Current
- WAREHOUSE STORE PERSON
HARVEY NORMAN | 2016 - 2017
